## **ICT & COMMUNITY EMPOWERMENT**

- ✿ Focusing on tools -- techno deterministic
- ✿ Single-medium oriented
- ✿ Outside force as a main driver
- ✿ (major) Event oriented
- ✿ Sustainability -- funding, short-lived
- ✿ Rural focused, marginalized urban???

wcnita

The "eco baskets" on this site are the voice of disadvantaged women in Malaysia; each basket is hand woven from used magazines by low-income mothers to support their families from their own homes. When you purchase a handcrafted basket, box, or tote,

You help one woman

You also help her family  
You spread the ripple of economic self-reliance and inner strength to others around her

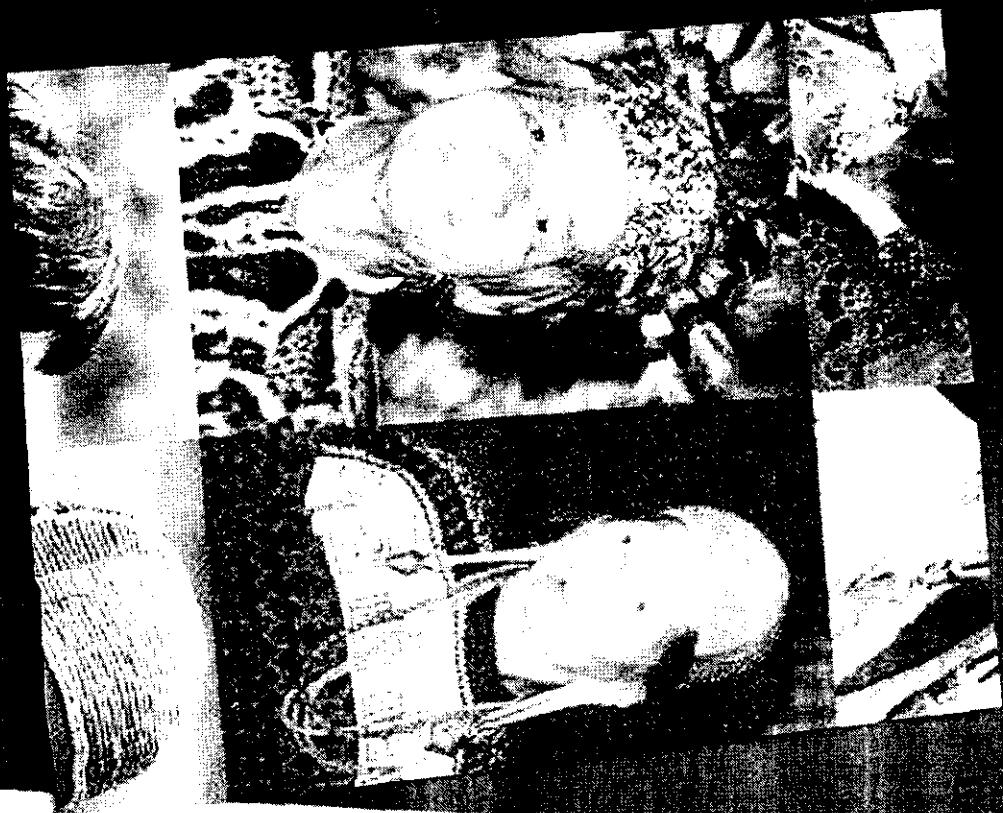

You inspire her community
